Avalanche on Scotch Bonnet

Scotch Bonnet
Cooke City
3/16/2023
Code
R2-D2
Elevation
10000
Aspect
S
Latitude
45.07330
Longitude
-109.94800
Notes

Attached are a few photos of old deep slab avalanches north of town.

The second is the south face of scotch bonnet. Hard to tell the depth of the crown but it's very visible from the lulu road, so probably pretty deep.
