Natural Avalanche on the Fin

Date
Tue, 12/17/2024 - 12:00
Activity
Skiing

The clouds broke briefly around noon today in Cooke City. It looks like the Fin slide naturally in the past day or so. It looks like two sections of the face slid, one from the top, and one lower and to the right in the photo.

Region
Cooke City
Location (from list)
Republic Mountain
Observer Name
Noah Mattes
