Natural wet loose slide at Bridger

Date
Sun, 04/14/2024 - 13:30

On sunday 4/14 a large wet loose avalanche ran naturally in closed terrain at Bridger. The larger of the two in the photo is from 4/14 at 1230pm. The other slide, on the left, happened yesterday or late in the day Friday.

Region
Bridger Range
Location (from list)
Bridger Bowl
Observer Name
Alex Marienthal
